EXPLANATORY PREFACE

This Register contains the names of all the Elementary Schools of the Provincial System and of the teachers employed therein for the school term ending December, 1937. It also contains certain information regarding each school, including the name and address of each secretary, and also the name, address, salary and grade of certificate of each teacher.

For convenience, this information has been divided into four parts, as follows:

Part I—The Public Schools of the Cities, pages 6 to 72.

Part II—The Public Schools of the County Inspectorates, pages 74 to 405.

Part III—The Public Schools of the District Inspectorates, pages 407 to 472.

Part IV—The Roman Catholic Separate Schools, pages 474 to 607.

The cities are arranged in alphabetical order as are the Inspectorates for Part II. The Inspectorates for Parts III and IV are arranged numerically. An index of the Inspectors by Cities, Counties and Districts has been provided on pages 609 to 612. A summary of the number of the several grades of certificates has been placed at the head of each City and also at the head of each Public and Separate School Inspectorate, and a general summary for the Province on page 608. Where the area of an inspectorate includes a city, the summary for the inspectorate includes the certificates of the teachers engaged in the city schools. The number of teachers and schools in each inspectorate are also indicated in each heading. The rural schools are listed first in each Inspectorate in Parts II, III, and IV, followed by the schools of the urban municipalities.

It should be noted that the statistics contained herein have been compiled, not from the Departmental Registers, but from Special Reports by the Inspectors or Principals concerned. Frequent changes in the schools render absolute accuracy in the list of teachers impossible.
